Hiring Manager
Agricultural Operations / Farm Management
Europe

January 13, 2026

Dear Sir/Madam,

I am writing to apply for a Farm Worker / Agricultural Assistant position within your agricultural operations. I am a highly motivated individual with strong physical endurance and a disciplined lifestyle, ready to relocate and contribute effectively to farm work.

I hold a university degree in Computer Science, which has strengthened my sense of responsibility, discipline, and ability to follow procedures accurately. Alongside my academic background, I maintain a physically demanding routine, practicing calisthenics and long-distance running on a regular basis. This has developed my strength, stamina, and resilience, making me well-suited for hard outdoor work, long hours, and physically intensive tasks.

I am a fast learner and adapt quickly to new working environments. I am comfortable following instructions, respecting safety rules, and working as part of a team. I am fully prepared to assist with a wide range of farm activities, including:

- Crop planting, maintenance, irrigation, and harvesting.
- Livestock care, feeding, and daily farm routines.
- Manual labor, heavy lifting, and general farm maintenance.
- Safe use and basic maintenance of farm tools and equipment.

I am particularly interested in gaining practical experience in European agriculture and contributing through hard work and reliability. I am a non-smoker, have a clean criminal record, and am available to relocate immediately for seasonal or long-term employment.

Thank you for considering my application. I would be grateful for the opportunity to further discuss how my motivation, physical strength, and commitment can benefit your farm.

Yours sincerely,

Rayen Nasser
