Rayen Nasser

BORN ON November 11, 2001

Adress :Isa Bin Fatoum Street,

2180

Elguttar,GAFSA TUNISIE

Phone : +216 21093437

Email : rayen.nasser.dev@gmail.com

STUDENT IN Bachelor's Degree in Information Technology: Information Systems Development

AT Higher Institute of Technological Studies Of Gafsa

Completed an internship as part of their studies

DURATION IF THE INTERNSHIP

Start and end dates of the internship: from February 1, 2025, to May 31,2025, Representing a total **duration of 120 days.**

The intern worked on the design and development of an AI-powered web platform for speech-based argument mining, integrating advanced NLP modules to analyze text and audio content. The system detects sentiment, argument type, toxicity, and grammar issues, and features speech-to-text transcription, real-time feedback, and multilingual translation. The solution was deployed in a Linux-based production environment.

Amount of the compensation paid to the intern

The intern received an internship compensation in **the total amount of 0€**

The internship certificate is essential to recognize the internship period for social security and pension credit purposes, subject to the payment of statutory contributions. According to German social security regulations, interns who receive remuneration for their internship may have this period counted towards their pension entitlement, provided that the corresponding contributions have been paid. The intern must submit the request for validation of the internship period to the relevant pension authority within two years following the end of the internship, accompanied by the internship certificate stating the total duration of the internship and the total amount of remuneration received. Detailed information regarding contributions and the application procedure can be obtained from the German statutory pension insurance (Deutsche Rentenversicherung).
